To the church of Marknesse.

It is with great delight and gratitude that we inform you that the girl learners project has started and it was truly well received. The principals, teachers and learners in the 3 schools we visited expressed their deepest gratitude for the sanitary products (pads, wipes, and pocket tissues) they received and hope that our visits will become a regular thing as the need is truly great. Thank you so much for your generous offerings which have enabled us as a church to have a positive impact in the community around us. May the Lord richly bless you.

1. Preparation.

2. ENkumane High School

3. Handout Mqolombeni Primary School

4. Handout Thuthukisa High School
